

YOUR TRUSTED HVAC SOURCE

Limited Warranty Quality Pledge

Warranty effective for equipment manufactured after January 1, 2018.

Dear Customer,

Congratulations on your decision to purchase the most reliable heating and cooling equipment. We are so confident in our product performance that we back it with the **AireForce** Quality Pledge:

If the **Heat Exchanger** in your **AireForce** package gas/electric unit or furnace fails to operate during the first year of ownership, under normal use and due to a defect in materials or workmanship, a one-time replacement with a comparable unit will be provided. A one-time labor fee up to \$250 will be paid to the service company to replace the failed piece of above listed equipment. You are responsible for the balance of all labor charges.

Pre-authorization and return of the defective unit are required.

\$250 one-time labor allowance applies to heat exchanger failure only.

Exclusions:

The residence must be an owner-occupied, single family dwelling (apartment complexes are not covered under the Quality Pledge.)

The warranty must be registered within 60 days of the installation or occupancy. If registration is not completed within 60 days, the Quality Pledge is no longer applicable.

Note: If your equipment is no longer available due to a change in government regulations or a change in technology, **AireForce** will provide the latest equipment available. However, the latest equipment available may require changes to duct work, connecting line set, etc. All necessary changes are the responsibility of the homeowner.
