

GXH-FMK4DH

Up to 22 SEER—Multi-Zone

HIGH EFFICIENCY: Provides cooling up to 22 SEER and heating up to 11.0 HSPF

ENERGY STAR®: A high efficiency system provides lower utility costs.

INTELLIGENT DEFROST: Monitors the frost on the coil surface and saves energy by defrosting when needed.

SELF-DIAGNOSTICS: A built-in computer using real-time diagnostics helps to prolong the unit's life.

Automatic diagnostics continuously scan for malfunctions and provide fault codes to make troubleshooting easy.

QUIET OPERATION: Minimal operating noise makes this outdoor unit among the quietest in the industry.

ENERGY SAVINGS MODE: Automatically selects optimal compressor and fan speeds for energy savings while cooling or heating

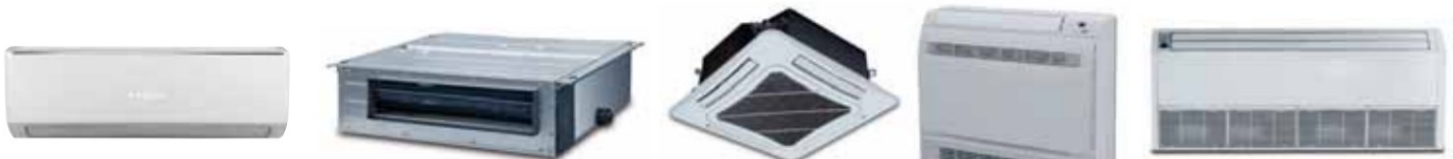

INTELLIGENT PREHEATING: Monitors discharge air temperature, and delays the indoor fan until the coil is warmed up to prevent uncomfortable cold air blowing into the room.

2 - 5 ZONES

Mix and match with indoor units to make up to 124 different system combinations:
